WORK EXPERIENCE

Department of Information and Communications Technology of the Philippines   **Oct. 14 2025 - Present**
Computer Programmer I   *On-site*

- Develop, maintain, and enhance internal and external government systems.
- Led the development of major national platforms, including:
  - **PhilHealth Transparency Portal** ([philhealth.open.gov.ph](#))
  - **Startup PH Website** ([startup.gov.ph](#))
- Collaborate with cross-functional teams to ensure system reliability, security, and compliance with government standards.

Kasagana-Ka Cooperative   **Feb. 2025 – March 2025**
IT System Developer   *On-site*

- Developed and improved internal ticketing pages using Ruby on Rails to streamline task tracking and user requests.
- Maintained and updated documentation for technical processes and system updates.
- Collaborated with the IT team to optimize backend workflows and reduce response time for issue resolution.
  - **Stack:** Ruby (Ruby on Rails), JavaScript (HAML), HTML, CSS, PostgreSQL, Git, Linux (Ubuntu)

RGS Global Solution   **March 2023 – July 2023**
IT Support   *On-site*

- Provided hardware/software support to BPO agents, ensuring minimal downtime and system efficiency.
- Performed system setups, troubleshooting, and maintenance across multiple workstations.
  - **Key Results:**
    - Set up and configured 50+ new workstations and peripherals for newly onboarded agents.
    - Reduced average issue resolution time by **30%** through proactive troubleshooting and faster ticket handling.
